

TREVOR GORDON HALL

REVIEWS:

"...In the genre of intriguing guitar players Trevor really *stands out*. His music is both soothing and challenging..." **Graham Nash** (Crosby, Stills, and Nash)

"...He can *impress* with the best of them, but he can *beguile* and *reach you emotionally* in a way which is *supremely rare*...a guitarist we will need to pay attention to..." **Will Ackerman** (GRAMMY winning founder of Windham Hill Records)

"...Trevor's sense of melody is *exceptional*, and his ability to pull the *melody* out of a very complex acoustic guitar arrangement requires a powerful technique that *few musicians can exhibit* these days..." **David Kahne** (GRAMMY Winning Producer - Paul McCartney, Paul Simon, Tony Bennett, etc)
